MUSICAL DOINGS .- Since Mr. HORACE WA-TERS gave up publishing sheet music. he has devoted his whole capital and attention to the nanufacture and sale of pianos and melodeons. He has just issued a catalogue of his new in-struments, giving a new scale of prices, show-ing a marked reduction from former rates,— and his Pianos have recently been awarded the First Premium at several Fairs .-Many people of the present day who are attracted if not confused, with the flaming advertisements of rival piano houses, probably over-look a modest manufacturer like Mr. WATERS; but we happen to knew that his in- Grimault's Capsules and Liquid struments earned him a good reputation long before expositions and the "honors" connected therewith, were ever thought of: indeed we have one of Mr. WATERS piano fortes in our own residence, (where it has stood for years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated planists, have performed on the said piano, and all pronounce it a superior and first-class more chronic ca and all pronounce it a superior and first-class instrument.
